

## SEEN, HEARD AND TOLD

By W. W. WHITAKER  
When he feels like it.

Grandchildren come into the best regulated homes. Caroline had another little daughter Monday, so Mabel and I hid off to Baton Rouge Tuesday so that Mabel could help out with the other kids. Hence, you will not see much from either of us in this issue.

The rat race has slowed down a good deal for this week. Brother Kelly of Winona announces for floater. Pop Mayhan is our best prospect for additional candidates. He is fixing to run for constable.

The State Highway Department has mailed us a much appreciated highway map of Mississippi. The map was actually printed by Lawrence of Greenwood. Both the drawing of the map and the accompanying illustrations and the printing thereof were top performances, and we treasure the map very much.

We have also received a copy of the Mississippi Municipalities, another very interesting magazine which has free distribution. It is issued by the organization of city officers of the state. The cities and towns of Mississippi are great contributors to the state's coffers, but they get little back. The counties largely are the beneficiaries of the county-minded legislature.

On our desk also is a copy of TRACKS, a monthly magazine put out by the Chesapeake and Ohio RR and it, too, is very interesting.

And, to add the interest of an other wise drab life, is the fact that Tommie Darras has a mighty pretty, cute little girl named Betty clerking for him. She, too, is easy on tired eyes.

I saw Jim Blount over here one day last week. What Jim was up to I just don't know. Jim used to be an important cog in the ring that ruled the free state, but I think he has been fading there of late years.

Looking over copies of the Memphis Press-Scimitar and the Jackson Daily News Saturday, I saw where Grenada folks got their names in the papers. Fred Theisman got his name in the Jackson paper concerning a valiant rescue from the boiling Tombigbee floods, while Holcomb's Mrs. Ruby Hayden got hers in the Scimitar about winning a contest of the crossword variety.

Those floods here last week certainly found the weak places in the roofs and the low places in the countryside.

Our man Fred reported a grand fish fry at Oliver-Lilly's place Friday night.

L. E. Dixon of Sacramento has been taking the GCW ever since we met aboard the City of San Francisco back in 1949 and is always writing helpful hints back to us. Recently he called our attention to a Drew Pearson column in which it was stated that, while the gdrepublicans are trying to get up over two million dollars, that Mississippi has so far pitched in NONE of the \$1615 quota, wants to know why YOU have done nothing about it.

Who remembers Pix Drummond and where he lived and what he did?

Who remembers old man Trussell and his boys, Clyde and Cliff Trussell, who had the saw mill on the spot now occupied by Grenada Oil Mill. For instance, this Mr. Trussell was Shag's grandfather. All Trussells came from Beat Two. The boys, Henry Orfan, Bob Hall, others and I used to choose up Sunday afternoons and have battles in the ox lot with what fancy folks now call ox "chips" that had dried out.

Who remembers when the Misses Knox had a popular boarding house where Mrs. Brunson now owns, and that Miss Lida Coffman and her nieces lived next door.

Who remembers when Miss Lida Owens had two living brothers, Dave and I have forgotten the other's name.

And, who remembers when old man Foss Owens rode to town every Saturday on that white mule?

And who remembers when John Barksdale, Bob Mullin, Rollie Jones, Walter Doty and others used to foregather at the Barksdale office (now where Stoker has his building) every Saturday afternoon. The presumption was, though none of us small boys ever knew, that those fellows drank liquor and played poker.

The Millsaps Singers, (pictured above) directed by Dr. Alvin Jon King, of Jackson, Miss. will present a program of sacred music in the Grenada Methodist Church, Sunday, April 10, at eleven o'clock. With the singers this year on their Western tour is Sonny McEachin, son of Mr. and Mrs. John McEachin, Grenada's City Mgr.

## John T. Leverette, 55, Rites Were Held Sunday

Funeral services were held Sunday March 27, at 4:30 in the afternoon for Mr. John Thomas Leverette, 55, who died in Memphis Wednesday March 23, 1955, following a long illness, with the Reverend John Landrum, Baptist minister and Rev. W. T. Clarke, Presbyterian minister officiating at services held at Garner Brothers Funeral Home with interment in Woodlawn Memorial Park.

The Deceased was a member of a family long prominent in Grenada County affairs. He was the son of Mr. Mrs. J. W. Leverette and the late Mr. Leverette of Beat 2, Grenada County.

In 1922 Mr. Leverette married Miss Rosa Westerfield of Lebanon, Missouri and to this union four children were born; three sons, John T. Leverette, Jr. of Baltimore, Md., Ronald and Gerald Leverette of Grenada and one daughter, Wanda Leverette of Grenada.

Mr. Leverette was the owner of a wholesale meat market with his place of business located on Orten St. in Grenada. It was during the era of World War II that Mr. Leverette devoted much time and effort to the wholesale department of his market. He was known by all as a courteous and fair dealer and has many friends who are saddened by his death.

He was a life time member of the Baptist Church, a veteran of World War I, serving as a Marine. After returning from service he purchased the farm land west of Grenada, owned by John and Jim Keeton and built a handsome brick home there. He owned considerable farm lands and cattle interest.

Surviving him is his widow and four children, and the following sisters: Mesdames Ed Lewis and David Halle of Grenada, and brothers, Messrs Alton, George and Carl Leverette of Grenada County; Winston Leverette of Greenville; J. C. Leverette of Duck Hill; Lester Leverette of Senatobia; and two grandsons, J. T. Leverette III of Baltimore, Md. and Ronald Leverette, Jr. of Grenada.

To the bereaved members of the family we extend our sympathy.

## SHILOH BAPTIST CHURCH TO PRESENT PLAY

"The Challenge of the Cross" by Charles A. Marsh will be presented at the Shiloh Baptist Church Sunday April 3, 1955, during the regular worship hour. This sacred drama will include seven ladies with the regular Church Choir. Eloquent testimony to the worth of Professor Marsh's "The Challenge of the Cross" is the fact that it has been translated into Spanish, Chinese, Hindustani, and two other dialects of India; that 100,000 copies have been issued; and that the present Memorial Edition has been published in response to the continuing demand.

Want to be with us on Sunday morning, April 3 for Sunday School at 9:55 a. m. and Worship Service at 10:30 a. m. You will always find a cordial welcome in our church. Be one of 200 present in Sunday School. —L. W. Boushe.

## GRENADA COUNTY "FARM OF THE WEEK" Number 46 In a Series of 52

—This Series Sponsored by Jitney-Jungle, Grenada.

If this is YOUR farm, you can get, without charge, a nicely mounted picture of the farm, but you must come to the Grenada County Weekly and identify it.

While you are in the GCW office, we hope to interview you and get a story, for subsequent publication, about this property and about your family.

If you need other photographs of the above, either the size shown, or larger, or on postal cards, the GCW can, and will arrange for them. A reasonable charge of course will be made for these reproductions. Let us show you samples.

## Engineers Tell About Heavy Rain Last Week

Vicksburg, Miss., March 29, 1955 - Colonel Thomas B. Simpson, District Engineer, Vicksburg District, stated today that the partially completed flood control works in the Yazoo Basin provided flood protection for approximately 600,000 acres that would have been overflowed as a result of the recent heavy storm ending about 4:00 p. m. Monday, March 21, 1955.

During the 24-hour period, beginning at 4:00 o'clock in the afternoon of Sunday, March 20, and ending at about the same time the next day, the rainfall averaged about 5 inches over the Yazoo Basin. In the hill area above the reservoirs, the average for that part above Grenada Dam, which was the largest for the four Yazoo Basin Reservoirs, the rainfall averaged about 7.5 inches. Some of the larger amounts of rainfall in that hill area were: 11.1 inches at Pontotoc; 10.3 inches at Bruce; and 1.9 inches at Grenada, the town nearest Grenada Dam.

At the beginning of the storm, all of the gates of the four reservoirs were closed. The peak inflow (tributary stream water flowing into the reservoirs) of 287,000 cubic feet per second, or, in less technical terms, 2,141, 791 gallons per second were kept in the reservoirs. The outflow into the streams below the dams being reduced to zero by the closing of the gates. Even this amount of extra storage impounded because of the heavy storm drainage only made the reservoirs average about 35 percent capacity, so that ample storage is still available for any foreseeable future storms.

This water will be released into the respective streams as conditions permit and in such amounts that the stream can handle efficiently, thus providing more reservoir storage space in the event of a repetition of this latest storm.

The partially completed flood control works of the Yazoo Headwater Project prevented an estimated 600,000

## W. P. Kelly Announces For Floater-Representative

W. P. Kelly, Winona lumber dealer, today announces his candidacy for the office of Floater Representative of Montgomery and Grenada Counties.

Mr. Kelly is 42 years old. The son of Mr. and Mrs. W. A. Kelly of Alva, he was born and reared near that community. He is a graduate of Alva High School and attended Bennett Academy and business school. He has lived in Winona for 12 years and has for this period of time been engaged in the lumber and building supply business. For many years active in civic affairs, Mr. Kelly has served as president of the Mississippi Retail Lumber Dealers Association, president of the Winona Chamber of Commerce and of the Winona Lions Club. At present he is on the Industrial Committee of the Chamber of Commerce. Married for 12 years to the former Dorothy Dennis, daughter of Mr. and Mrs. C. L. Dennis of Winona, Mr. Kelly is the father of two children.

Mr. Kelly's statement to the voters follows:

"To the voters of Montgomery and Grenada Counties:

acres from being overflowed during this flood period. Furthermore, the effectiveness of the reservoirs, "the bottling down" the extremely high runoff of the hill area was clearly demonstrated. Had the incomplete portions of the Yazoo Headwater Project, including channel cut-offs, levees, auxiliary channels, been in existence, even further far reaching benefits would have been realized.

It is estimated, said Colonel Simpson, that the existing flood control works reduced stages about 3 feet on the Coldwater River, 5 feet on the Tallahatchie River and 4 to 7 feet on the Yalobusha River. The estimated reduction of stages at Greenwood was 9 feet. The holding capacity of these four reservoirs has once again proven their value in this, the latest storm in the Yazoo Basin.

## Baptist Simultaneous Revival In Full Swing

Capacity crowds have been attending the night services at the First Baptist Church Revival this week to hear Dr. Bill Piper of Greenville, S. C.

Morning services are being held at 7 a. m. each morning; a daily broadcast over station WNAG from 8:30 to 9:15 a. m. will carry the morning messages.

The Revival singing is being conducted by Ralph McGilvra of Battle Creek, Mich.

The Revival will continue through next week and the public is cordially invited to attend all services.

"This is to announce my candidacy for the office of Floater Representative of Montgomery and Grenada Counties.

"My decision to become a candidate was made after careful consideration of the duties and responsibilities of a member of the state legislature. If elected to this important office, my first and primary objective will be the maintenance of segregation of the races. I will also sincerely work for better roads for all, especially for those who come to market. I will do all in my power to provide the best possible schools for our children. I will not vote for any tax increase unless it is for a definite and necessary purpose. I do not intend to promise what I cannot fulfill, but our old people deserve all the aid and assistance that the state is able to provide, and I will do my best to see that they secure their just dues.

"Your votes and support of my candidacy are hereby earnestly solicited; and I can assure you that I will be deeply grateful for all help that I receive. If elected, I promise to show that appreciation by becoming a true and vigorous representative of the people of Montgomery and Grenada Counties."

## Grenada Dam To Be Officially Dedicated June 9

Plans for formal dedication of the Grenada Dam and its readily accessible Grenada Lake on Thursday, June 9, are being formulated by the Grenada County Chamber of Commerce, working in connection with the U. S. District Engineers of Vicksburg. An elaborate program, which promises to be one of the South's major events of the Summer, is being planned.

Juel R. Batson, local accountant, has been named general chairman of the dedication program, and Rodney Defenbaugh has been named chairman of the program committee.

Various committees named by Chm. Batson to work out details for the dedication are: Budget committee: Fred Lickfold, chairman, Bert Bays, C. M. Stricklin, G. M. Moore and Brad Dye; Invitation committee: Wm. Winter; Publicity Committee: Hurl Ketchum and Monroe Looney; Communications Committee: Harold Biddy chairman; Gray Harrison, George Granberry and James Forbes; Transportation committee: John Brewer; Safety Committee: Grady Green; Traffic Control: Wayne Wenger and Ray McKee; Entertainment: Junior Asberry; Concession Committee: Davis Dohard; and Decoration Committee: B. A. Sartwell.

Grenada Lake, completed last year, already is attracting thousands of visitors for fishing and boating, and is expected to bring a multi-million dollar tourist trade to this area when the state parks, beach and Grenada Landing projects are completed. The legislature already has appropriated \$250,000.00 for two state parks, the Hugh White State Park for white visitors and the Carver Point park for Negro visitors. Plans call for both lodge and tourist accommodations at both parks. Already picnic areas and facilities are available at various points on the beautiful lake shoreline.

Grenada Dam was completed at a cost of \$32,000,000.00, beginning in February, 1947, and continuing until early last year. It is an earth fill type dam, 470 feet wide at the base, averaging 80 feet in height and is 13,900 feet long. The dam forms Grenada Lake from the Skuna and Yalobusha Rivers with a shore line of 116 miles at conservation pool to 480 miles at spillway crest level. At conservation level the lake includes 9600 acres while at spillway crest level the lake takes in 64,600 acres. The Dam is the last of four reservoirs for flood water control in the Yazoo Basin. Arkabutla, Sardis and Enid having been completed in past years.

The accessibility of Grenada Lake only three miles from downtown Grenada on hard surfaced roads in either direction, is expected to make the lake one of the South's outstanding tourist spots with fine fishing, boating, water skiing, hunting, swimming and picnics attracting the visitors. Grenada's late municipal airport adjoins the lake, making the lake very accessible to air travelers.

## Lion's Broom-Bulb Sale To Be April 5

Brad Dye, president of the Grenada Lions Club, has announced that the local service club will conduct a light bulb and broom sale on Tuesday, April 5. Members of the club will make a house to house campaign starting that day and continuing thru April 9. All proceeds from the sale will be used by the Lions for sight conservation and other civic projects.

Lions Johnny Mitchell, Walter McCool, Joe B. Williams, Carl Cooper and Charles Leffers are in charge of the sale for the Club.

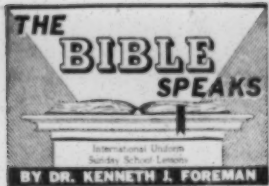

Light bulbs will be sacked and ready for delivery on April 5. Eleven bulbs will be in a sack, costing \$2.00. The brooms and mats, made by the Miss Industries for the Blind, will be sold as in the past.

President Dye announced that the club has adopted the bulb and broom sale as its annual fund raising project. Hereafter the broom sale will be held in the Spring and the light bulb sale in the Fall.

Local residents are urged to check their light bulb and broom needs and purchase them from the Lions Club.

Who remembers Uncle Charlie Britt who had a little place just west of where Guy Branscome now is? Who remembers when Mr. Cuff sold such fine ham sandwiches for a nickel?

### The Cost: A Cross

Lesson for April 3, 1955

PEOPLE who don't know the least thing about Christian religion do know this much, that it has something to do with a cross. You can't go into a church without seeing one. Many churches are even constructed in the shape of a cross. You can see one above the door or on the steeple. At this time of year it is a rare newspaper which does not carry somewhere the picture of a cross to go with Good Friday meditations or a Good Friday editorial. But if the cross is known even to persons altogether outside the Christian faith, it is infinitely better known to those on the inside. The deeper one penetrates into the meaning of the Christian faith, the more luminous the cross becomes. One might say that the cross is both in the pre-school and the post-graduate courses in Christian growth and knowledge.

#### Sacrifice Unlimited

The familiar cross of Christian art and architecture is a prettified version of an ugly thing, a cruel instrument of torture and death used by Romans only in case of executing slaves and the vilest criminals. Jesus was neither the first nor the last to be crucified. There are people who would call the cross itself an "historical accident." That is to say, if Jesus had lived in other eras or in other climates, he might have been killed by being frozen to death or buried alive or hanged or gassed. But that is neither here nor there. The meaning of the cross is not in the shape of a certain wooden thing that was used to kill people in a painful and horrible way. The meaning of the cross is simply this, in two words: **Sacrifice unlimited.** Paul puts it as simply as possible: "Christ died for all." He taught all. He set an example for all. He challenged and inspired all—that is, all who as He said "had an ear." But the cross reminds us that He died for all. "For their sakes," Jesus himself said, "I dedicate myself." How far would that dedication go? Many a person will say sincerely, "I will do anything in reason, to help you." Christ went farther. It was not "reasonable" that He of all persons should give up His life for lesser men; but the kind of dedication that was His, did not stop at the limits of the respectable and reasonable.

#### What Christians Remember

One might suppose that the Christian church would have liked to hush up the story of the cross, especially after the resurrection. It was a very ugly fact and as such was a handicap to the early Christians. Both among Jews and non-Jews, the cross was a kind of real curse. When the Christians preached Christ crucified, many a listener's reaction was: "Ask me to take for Master and Lord an executed criminal! Never!" But the Christians went right on with the story of the cross. The gospels leave that story more space than any other event in Jesus' life. And the Christian church has never forgotten nor tried to forget it. For what it means to us is that God in Christ was far more than the fabled Greek gods who sometimes took human shape, sometimes shared with men their Olympic wisdom, but never suffered for them. It is known to Christians that the cross measures the immeasurable love of God for us and for all men.

#### What Christians Forget

What Christians too easily forget is something Jesus set in the center of his teaching. He spoke of His own cross, but He in the same breath would speak of the cross of His followers. The cross does not stand alone for one past event. It is intended to stand as a prophecy and pattern for every Christian's life. One modern translator of the Bible, coming to the verse, "Let him take up his own cross and follow me," boggled at that word "cross" and translated it "Let him take up his own yoke." No, there's no bypassing the intention of Jesus, one who meant what he said. And what he said amounted to this: For the Christian, one who wants to be a follower of Jesus, there must be no limit set on love's devotion. The Christian cannot say, "I will do anything—in reason . . . I will make any sacrifice—that does not cost me too much . . ."

### "Farm of the Week" — Last Week

—This Series Sponsored by Jitney-Jungle, Grenada.

The scene pictured above is the home of Mr. and Mrs. Earl Staten at Oxberry. The beautiful house, with all modern improvements like air conditioning, running water, etc. was made over in recent years by the present owners but it occupies the old spot, facing the road that old land surveyors showed as the Brandon and Memphis road, a road that skirted the hills over a hundred years ago.

Old man Jeff Staten lived there and so did Theda Staten, now Earl, profit could be expected. Hogs, cat-

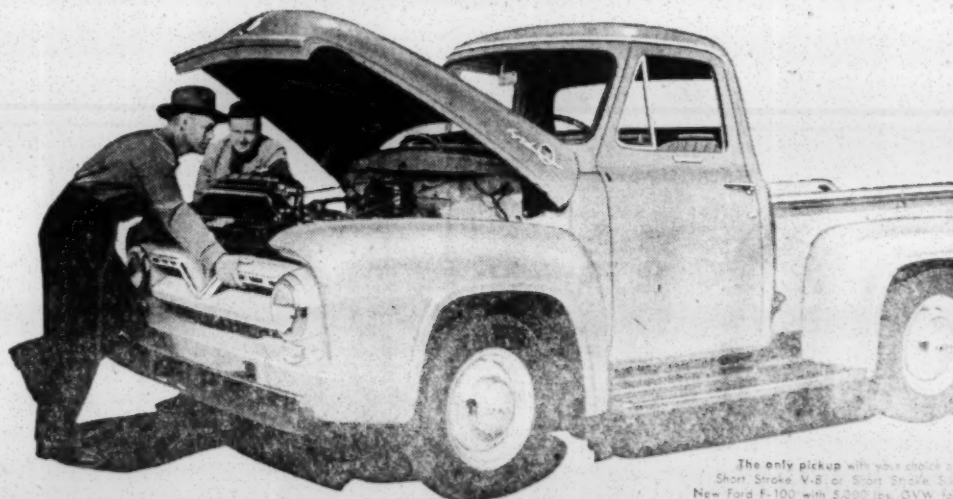

Surrounding the house is about 40 acres of land that has always been cotton raising and, particularly, held together by the Statens, but this 40 acres is only a small part of the land in the vicinity now owned by Earl and wife. Added to the land holdings is what is known as the Willotta place and the John Crump place.

Today, the family consists only of Earl and wife. A boy, Earl, Jr. was killed in an airplane accident soon after World War No. 2.

Although this spot is right on the edge of the Mississippi Delta, it has never been threatened by flood waters, though it has frequently been in sight of such floods.

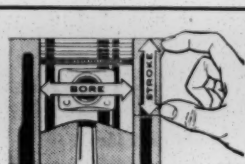

Earl, ably assisted by his wife, has been "in" to everything from which brought up in the press, but, since it is true, let the hair go with the hide.

### How About Paying Your Subscription

I don't believe folks pay as much attention to their subscriptions as they should pay to them. By our simple system, we tell each subscriber every week when his subscription expires, like putting a little expiration date (4-55, 1-55, or whatnot) on each paper, but our subscription list gets into a mess all the time.

This week sometime, we are asking May to send out formal statements to each subscriber and we hope each one will pay attention to the statement, and not file them in the waste paper basket.

We are not fixing to go busted and go out of business, but we are headed that way unless we can get in a substantial amount of subscription money pretty soon.

Folks telephone in and tell us to "put me on the list", and some of them forget the matter and we never hear of them any more.

The Baptist are having a simultaneous drive to get members into their church so that they will be paying members and we, therefore, are having a Simultaneous Revival of GCW subscribers and we want everybody to take part in this revival.

### The Weather

The weather is something, they say, that folks talk a lot of, but do little about.

That statement has been very, very true around Grenada recently.

The weather has been unseasonably cold beginning when the wind started coming from the North last Friday and has been cold ever since.

### A Boyd Campbell Named President Of U. S. Chamber

Boyd Campbell, chairman of the board of Mississippi School Supply Company, has been elected president of the United States Chamber of Commerce.

One of the country's outstanding business leaders, Mr. Campbell has been very active in the Chamber's educational activities for a number of years.

Commenting on the highest this recognition ever granted a Mississippi man by this national business organization, Mr. Campbell modestly told newsmen that he was "unquestionably the smallest man in commercial stature" to ever hold the office.

A native of Mississippi, Mr. Campbell was educated in the Kosciusko public schools and Millsaps College, where he received a Bachelor of Arts degree in 1910.

After graduating from Millsaps, he spent eight years teaching in the public schools of Mississippi, Eupora and Grenada.

Mr. Campbell began his business career in Jackson in 1919 when he formed Mississippi School Supply Company, an organization to serve the supply needs of Mississippi public schools. Since then he has organized the Office Supply Company, the School Book Supply Company, and the Mississippi Corporation.

A very active civic worker, Campbell has served as president of the Jackson Rotary Club, the Jackson Chamber of Commerce, the Andrew Jackson Council of the Boy Scouts of America and the National School Service Institute. He is at present vice-chairman of Region V Boy Scouts of America and has been awarded the Silver Beaver and Silver Antelope for his outstanding contributions to this character building organization. He also has served faithfully as President of the Board of Stewards of the Gateway Memorial Methodist Church.

Mr. Campbell is married to the former Louise Horton of Grenada and they have one child, Mrs. S. Richard Harris, who presently resides in Atlanta.

He is a director of Mississippi Power & Light Company, Gulf Mobile & Ohio Railroad and the First National Bank of Jackson.

Other memberships include Kappa Alpha, Omicron Delta Kappa (honorary leadership fraternity) and Beta Gamma Sigma.

For the past 30 years, he has served as treasurer of his alma mater, Millsaps College, with the important responsibility of administering the school's foundation investments. He has been conferred an honorary degree of Doctor of Laws by the institution for his many contributions to the advancement of education.

The press, radio and television have been filled with the subject every hour.

Fishing here, except by the colored folks living on relief, virtually ceased here.

Reports from all over are that the fruit crop has been ruined, and that flowers have been ruined or set back for months.

As for the exact figures, we just don't have them but, suffice to say, it has been cold and uncomfortable here and, while this is being written, chillily Monday noon, we hope things will shortly get back to normal so that the pursuit of the stupid bass in Grenada Lake will revert to normal and that our local crop of politicians will be able to pick more and shiver less.

### A Tribute

Grenada County Department of Public Welfare has been saddened by the death of Mr. W. H. Kirk. He had served as a member of the Grenada Welfare Board since the beginning of the program in May, 1936, until July 1954, when ill health forced him to retire. For nineteen years he gave freely of his services.

He not only gave of his personal time and thought in the performance of his official Board duties, but, when the Welfare Department was faced with an emergency seemingly too difficult to solve, Mr. Kirk could be called on for help beyond his duty as a Board member. He was truly a friend to the needy and unfortunate; often contributing generously through the Department to school lunches for needy children — both white and colored — and when a family was in need of shelter, he could be counted on to find a house somewhere that he would furnish rent-free until the family could meet its own obligations.

It is recognized that in a large measure the fine success of Welfare in Grenada County is due to his understanding and far-sighted guidance through the beginning years to its now well-established program. The present Grenada County Welfare Board, as well as Boards throughout the State, are grateful for, and will profit by the example of his service.

Mr. Kirk was one of Grenada County's largest land owners and leading citizens. When business and professional leaders, such as he was, identify themselves with the Welfare program by accepting it as a responsibility to their county, it affords great encouragement and confidence to those responsible for administering the Welfare program throughout the State.

—The Welfare Brief, March, 1955.

Helen James drove home Friday to visit her parents Mr. and Mrs. H. I. James Sr. She returned Sunday to Edwards where she is teacher of piano.

The last PTA meeting of the school year will be held April 4th in the school cafeteria.

New officers will be installed. The program will be under the direction of Mrs. C. C. Richardson and her Home Ec students. Members of the faculty will serve as hostesses. All interested people in the school district are invited to be present at this meeting.

### Yearbook Dedication

The John Rundle High School 1954-55 Bulldog yearbook was formally dedicated Monday morning by J. D. Powell, principal.

The book, bound in blue and white plastic on which was a picture of the senior class, is dedicated to the late Arlene Knox Pierce, who would have been a member of the 1955 graduating class. It is also in memory of the late John Rundle, Superintendent Emeritus and in appreciation of the teacher sponsor, Rosemary Thompson. Miss Shirley Stoker edited the edition. Mr. and Mrs. Knox Pierce and Mrs. John Rundle were present for the ceremonies.

### New Bus Station

Mr. and Mrs. W. T. Rose, Sr. will be in charge at the new location.

The building is to be completed by July 1, 1955.

### Mrs. Dickinson's Father Dies In New Orleans

Mr. R. J. LeGardeur, father of Mrs. Evelyn Dickinson died at his home in New Orleans on Tuesday, March 29, 1955.

Mrs. Dickinson was in New Orleans with her family when her father passed away.

### Greenwood Hospital Plans Expansion

Officials of the Greenwood Leflore Hospital recently announced plans for a \$17,000 expansion of the hospital's X-ray Dept. This expansion, it was pointed out, has become necessary due to the increased volume of outpatient work done by the department.

Clyde Smith, M. D., radiologist, has directed the department since September, 1953.

### Air Tragedy At Grenada Dam Sunday

The following is an account of the air tragedy at Grenada Dam Sunday, as written for the Commercial Appeal by Jean Adolphe of Winona:

A 70-year-old Winona druggist, who spent most of his spare time piloting his private plane over North Mississippi, was killed late Sunday afternoon when his plane crashed into the spillway at Grenada Dam.

Christian Faser, who had owned his own plane nearly 40 years, was victim of the crash which was witnessed by his son, who is a state legislator, and his brother.

Mr. Faser flew to Grenada Dam from his home to meet the son, Rep. Christian "Chris" Faser Jr. and Dr. Henry Minor Faser of Jackson, who had driven to the dam earlier in the day.

Dr. Faser said they recognized the plane, a four-passenger, Piper Tri-Pacer, as it circled over the dam. He said the plane circled slowly and then went into a nose-dive. Cause of the crash was not known.

### Results Of Salk Polio Vaccine To Be Announced

Mr. Basil O'Connor, President of the National Foundation of Infantile Paralysis and the President of the University of Michigan have announced that the evaluation report on 1954 field tests of Salk Polio Vaccine will be released April 12th. Before distributing the vaccine for use, it will be necessary that the National Institutes

of Health license the product if the report is favorable enough to justify releasing. If licensed for use this vaccine will be provided by the National Foundation of Infantile Paralysis to be administered to first and second grade children throughout the state, by the county health departments.

The Grenada County Health Department had hoped to have this vaccine in hand in time to complete the vaccination schedule before schools are closed this spring. It now appears that the vaccine will not be received until about the third week in April, and the program will probably be started on April 25th, but earlier if possible.

Parents of children in the first and second grades who have received letters regarding the vaccine are urged to return their letters to the school, if they have not already done so. No child will be given the vaccine unless the parents request it.

A vaccination schedule will be sent to each school before closing time, if possible. Notices will also be given to local newspapers and radio station.

### -ANNOUNCEMENT-

For certain obvious advantages to us, our milk producers, and our customers as of March 26, 1955 we, (Quinn's Dairy) have merged with Cooperative Dairies, Inc., of Columbus, Mississippi.

We are definitely interested in the continued successful operation of this plant and will be in charge of it.

It was on November 1, 1936 that we came to Grenada to live and have done business as a milk and ice cream processor and manufacturer ever since.

In that 18½ years we have had a wonderful and happy experience and want to take this opportunity to thank our loyal employees, our customers, and friends for their encouragement and confidence and solicit your loyalty and patronage as we steer Quinn's Realicious Dairy Products Co. in the future.

Signed:

### Grenada Bulldogs Conclude Spring Training Last Week

The Grenada Bulldog football team concluded spring drill Friday afternoon when the Blues coached by Bob Ellard, edged the Whites, coached by Jerry Taylor, 8 to 6. The intra-squad battle completed a month's session by the 33-man squad.

Hayes Branscome plunged over from the four-yard line for a Blue touchdown and Bobby Harper tackled James Spence behind the goal on a fumbled punt try for a safety. The Whites tallied on a beautiful 30-yard aerial play from Sam Ricks to James Bransfield.

Coach Ellard was particularly pleased with the play of the freshmen and sophomore candidates. Prospects are

excellent for a wealth of material for the Bulldog squad during the next three years. This group of oncoming players combined with the construction of a modern new stadium, complete with dressing rooms and rest rooms, is expected to place Grenada back in the upper bracket of athletic circles in the state.

Starters for the Blues in Friday's battle were: Ends, Tom Holley and Bobby Harper; tackles, Charles Ferrell and Gerald Campbell; Guards, Jimmy Quinn and Spivey Douglas; Center, Roy Edwards; Quarterback, Jake Gibbs; Halfbacks, Hayes Branscome and John Criss; Fullback, Marvin Dattel.

Opening for the Blues were: Ends, James Brasfield and C. J. Sanders; Tackles, Tom Carroll and Jerry Fowler; Guards, James Gray and James Lawrence; Center, Jimmy Moore; Quarterback, Sam Ricks; Halfbacks, Gary Geeslin and Jackie Todd; Fullback, Shafer Spence.

Reserves used included: Winfred Carter, Jim Biddy, James Perry, Chas Thomas, Richie Shellebarter, Buddy Lott, Bob Krueger, Lynn Walker, John Carter, Tommy Blue, Buddy Jackson, Larry Jackson, Ed Perry, James Spence and Jimmy Avant.

### Delayed from Last Week GARDEN CLUB HOLDS

The Grenada Garden Club met Thursday, March 17 in the lovely country home of Mrs. T. B. Revel Jr. with Mrs. J. D. Dyre and Mrs. Wade Rice as co-hostesses. As a prelude to the meeting, the guests enjoyed wandering about the grounds which were at their loveliest, with a background of red bud trees setting off the myriad of flowering bulbs.

The spacious reception rooms were beautiful with many arrangements of spring flowers brought by the club members to demonstrate various types of flower arrangements.

After a business session, presided over by Mrs. H. J. Thiel, during which Mrs. Earl Horton, a new member was welcomed into the club, Mrs. J. H. Oliver most graciously introduced the speakers for the afternoon.

Mrs. S. J. Simmons, Sr. gave a most

informative discussion on "How To Condition Flowers for a Flower Show." Mrs. D. O. Carlisle spoke on "Basic Types of Flower Arrangements."

Following the program, the hostesses, assisted by Mrs. Joe Brown, served a delicious plate of sherbet, sandwiches, cookies and salted nuts.

### GRENADA HIGH SCHOOL SENIORS VISIT MISS. SOUTHERN

Mississippi Southern College rolled out the red carpet for high school seniors from Grenada County during the annual Career Day program on Friday, March 26.

Grenada seniors were guests of Southern students and faculty for an informative and fun-filled program that began with registration in the college field house at 8 a. m. and continued throughout the day.

# Cadillac

## Take It Easy!

Sure you're out in the country—in a state-restricted area. And that powerful Cadillac engine is itching your throttle toe. *But don't do it!*

That isn't the purpose back of this great engine. It was created to give you phenomenal bursts of speed when you need them.

It was created to give your Cadillac the long life and freedom from repairs that come when your engine "loafs" at the normal driving speeds.

And it was created to give you the driving confidence that is yours *only* when you know you are master of every driving situation likely to occur.

So don't use that tremendous power to dominate the highway—or to embarrass a fellow motorist.

In fact, a good rule for Cadillac owners might very well read: "Be last away when the light turns green. Remember: it's not how fast, but how wonderful."

And how wonderful it is!

Let's say you are trying to go from one climate

to another in a single day. Is it four hundred—six hundred miles?

Just follow the laws of the states you cross—keep rolling—and drive until you are ready for bed.

What about getting tired? To the average Cadillac driver, it just doesn't happen!

Mile for mile—hundred for hundred—there just wasn't ever another car like this.

That's why we say: Don't try to prove anything in a hundred feet. Prove it, rather, in a hundred miles—or in five times as many—or in half a dozen years.

Of course, the foregoing message is addressed to the person who has already purchased his Cadillac.

But we also have a message for those who still have that delightful experience in store.

Come in and drive the car. That's when an hour will prove something. It will prove you're missing out on the finest motor car performance of all time.

FRED WELLING, popular radio star of WVM, says, "My wife has always used light Karo for cooking... and on the table—it's

dark Karo for me, the best-tasting eating syrup of 'em all"

Yes, indeed...biscuits go like hot cakes when you pour on plenty of delicious dark Karo... there's nothing like it for good eating. Satisfying flavor. So rich it stands right up on top of biscuits (keeps 'em light and fluffy). Keep Karo on your table morning, noon and night...it tops anything!

Ask your grocer for DARK Karo, in pint and quart bottles

### "Resolution Declaring Special Improvement Necessary"

A resolution declaring the paving of Pearl Street from Water Street, East to Line Street; Spring Street from Line Street, East to Doak Street, and Govan Street from the West right of way line of the Illinois Central Railroad, East to the Corporate limits, necessary.

Sec. 1. Be it resolved by the Board of Mayor and Councilman of the City of Grenada, Mississippi, proceeding under the authority of Section 3665-01, et seq., of the Mississippi Code of 1942, that it is necessary that street paving be constructed on the designated portions of the following named Streets, to-wit:

(a) Pearl Street from Water Street, East to Line Street, including the width of Line Street.

(b) Spring Street from Line Street, East to Doak Street.

(c) Govan Street from the west right of way line of the Illinois Central Railroad, East to the Corporate limits of Grenada.

Sec. 2. Be it further resolved that the paving herein and hereby authorized to be done shall consist of the preparation of a compact gravel base, and a double bituminous (asphalt) surface treatment placed thereon.

Sec. 3. Be it further resolved that the special improvements herein provided for and authorized hereby shall be done according to the plans and specifications, therefore, now on file with the City Recorder of said City in that Office in the City Hall, which said plans and specifications, and any amendments, if any, are hereby adopted in full and every item, part and section thereof are adopted as the official plans and specifications for this work.

Sec. 4. Be it further resolved that the cost of said special improvements, when completed, will be arrived at as provided in the above mentioned law, and said cost shall be paid for as follows by the 15th day of April, 1955, at 7:30

lows: The owners of the property abutting on each side of the aforementioned parts of the said streets to be paved, shall each pay a third of the cost thereof, based on the front footage of the property owned, and the City will pay the last third of the cost thereof.

Sec. 5. Be it further resolved that the City Recorder shall give notice to all interested parties, as defined in said law, by publishing this resolution once a week for three successive weeks in a local newspaper, that the said City Council will sit in an official session at its regular meeting place in the City Hall in said City, at 7:30 o'clock P. M., on the 15th day of April, 1955, to hear the objections, protests or remonstrances that may be made either by petition or orally, if any, to the special improvements. Said objections, protest, etc., may be filed up to the time of or at said meeting of said Council provided for in this paragraph.

Sec. 6. That this resolution take effect and be in force as provided by law.

Sec. 7. That due to the nature of the type of paving to be used, it being a very economical type paving and being used primarily to stop dust, this paving is only guaranteed by the City for 10 years and the City will not be responsible for the paving or its maintenance as paving, or the replacement thereof after 10 years from its construction.

## \$1,200 LION OIL SCHOLARSHIP WON BY MISSISSIPPI TEACHER

12 Others Win in Mississippi, Alabama

EL DORADO, ARK., MARCH 23-James D. Powell, principal and teacher of chemistry, physics and general science at Grenada High School, Grenada, Mississippi, is the winner of a \$1,200 scholarship for advanced education in the 1954-55 Lion Oil Teacher Essay Contest. All essays in this contest were on the provocative subject, "How I Can Prepare My Students For Successful Living."

Mr. Powell won a top award the first time he entered a Lion Oil contest. He is married and he and his wife, Elizabeth, are the parents of a two-year-old son, Milton. The winner praised the Lion Oil Scholarship program, which he feels has been an inspiration for students throughout the South.

Mr. Powell has a B. S. degree in chemistry from Millsaps College, Jackson, Miss., and an M. A. degree in school administration from the University of Alabama. He plans to use his \$1,200 Lion Oil Scholarship to complete work on his Ph. D. in administration at the University of Mississippi.

Mr. J. C. Hathorn, superintendent at Grenada High School, received \$100 for use in purchasing books for the school library.

\$400 Award Winner  
Mr. Fred R. Blocker, English teacher at East Neshoba High School near Philadelphia, Mississippi, is the winner of second prize in Zone "C"-a \$400 Cash Travel Grant. This was the first time he had entered a Lion Oil Scholarship contest, although he has sponsored students' entries in Lion Oil Student Scholarship contests. He plans to use the \$400 to help finance the annual trip of the senior class of his school.

Arkansas Teacher Wins  
Mrs. L. C. Graves, teacher at DeQueen High School, DeQueen,

Mr. James David Powell

Arkansas, is the winner of a \$1,200 Lion Oil Scholarship in Zone "A". She teaches English, American history, speech and journalism. She has a B. A. degree from Mississippi State College for Women at Columbus, and she has done graduate work at Peabody College, Nashville, Tenn. She plans to use her scholarship for advanced studies at either the University of Arkansas at Fayetteville or in summer sessions at Columbia University, New York City.

Tennessee Teacher Also Wins  
Miss Mattye Jackson, librarian and study hall teacher at Dyersburg High School, Dyersburg, Tennessee, is the winner of a \$1,200 Lion Oil Scholarship in Zone "B". She plans to use her scholarship to attend the University of Michigan at Ann Arbor. She has a B.S. degree from Tennessee College for Women, Murfreesboro, and an M.A. degree from the University of Tulsa, Tulsa, Oklahoma.

\$75 Award Winners-Zone "C"  
Mississippi winners of \$75 Cash

Travel Grants in Zone "C" are: Mrs. J. E. Smith, English teacher at Hattiesburg High School, Hattiesburg, Miss.; Mrs. Anna Laura G. Hays, Meridian High School, Meridian, Miss.; Mrs. J. M. Steina, Cleveland Vocational High School, DeKalb, Ala.; In Alabama, William H. Jenkins of Decatur High School was winner of a \$75 Cash Travel Grant in the same zone.

Judges of the contest were: Dr. William Ritchie, Chairman of the Division of Social Studies at Henderson State Teacher's College, Arkadelphia, Ark., and two other members of the faculty, Dr. S. C. E. Powers, Professor of Political Science and Dean of Instruction, and Mrs. Nila Turner, Professor of English and Chairman of the Communications Staff.

The third Lion Oil Student Essay Contest of the 1954-55 school year closed March 4, and entries are now being judged. The essay subject was, "How To Be A Good Citizen." Awards include three \$1,000 scholarships; 45 Merit Awards of \$25 each; and \$100 cash prizes to scholarship winners' schools. Teacher-sponsors of winners also earn prizes.

Why Fund Was Established  
The Director of the Lion Oil Scholarship Fund says: "We believe in the South...are easier to assist its sons, daughters and teachers - our good neighbors."

### Chinese Proverb

"To understand the present, one should examine antiquity."

It is obvious that things would not be as they are now had it not been for discoveries made in the past. Smallpox, for example, was the first disease for which immunization was available. However, ignorance and prejudice often prevented health authorities from giving mass immunizations during the early

years. Fortunately, this is no longer a problem under our present enlightened system of health care.

We always carry a complete stock of biologicals, which can be dispensed according to your physician's orders.

Who remembers when all of that

ground of Grenada Industries and nearby property is, was just farm land and known as the "Fairfield Place"?

Who remembers when there was big talk locally of having an iron foundry at Duck Hill?

Who remembers when the Pass family and the Crowder family owned nearly everything east of Bogue.

Who remembers when Mr. Hallum used to be the unofficial weather recorder here, and how he was frequently called into court to dig into his records and testify.

And, who is big enough to remember using a slide to carry corn to the mill and get it ground into meal? Folks still do that, but to a very limited degree. Most of them now buy meal in a paper sack.

And, who remembers when Hattie and Katie used to live down about where Burning Bush now is?
